# Les lacs de l'eau d'Heure...

**2 million visitors a year**  
**One of the largest lakes in Belgium!**

This high-definition 6m2 LED screen placed for a month in a busy area of the village of Cerfontaine, the first accessible village around the lakes.

1,800 hectares of nature where there's no shortage of entertainment this summer. Cycling, water sports, folklore and dance parties will be the order of the day in the seaside resort.
